

**GEORGIE CHRISTIAN**  
**1863 – 1921**

Georgie Christian remains unknown except for his/her headstone at the Arlington Colored Cemetery. The location of the headstone at this time is located on the west end of the cemetery near the fence. Therefore, it is believed that this person may be colored. It also is unknown whether the person is male or female but is thought to be female since the age when this person died was 58 and the headstone reads "Georgie". Probably if this person was a male, at 58 years of age at death the headstone might read "George".

All is pure speculation in trying to give this person some type of identity. Research will be continued, but for now this is all that can be said about Georgie Christian.
